What is the Consent Decree?

THE CONSENT DECREE

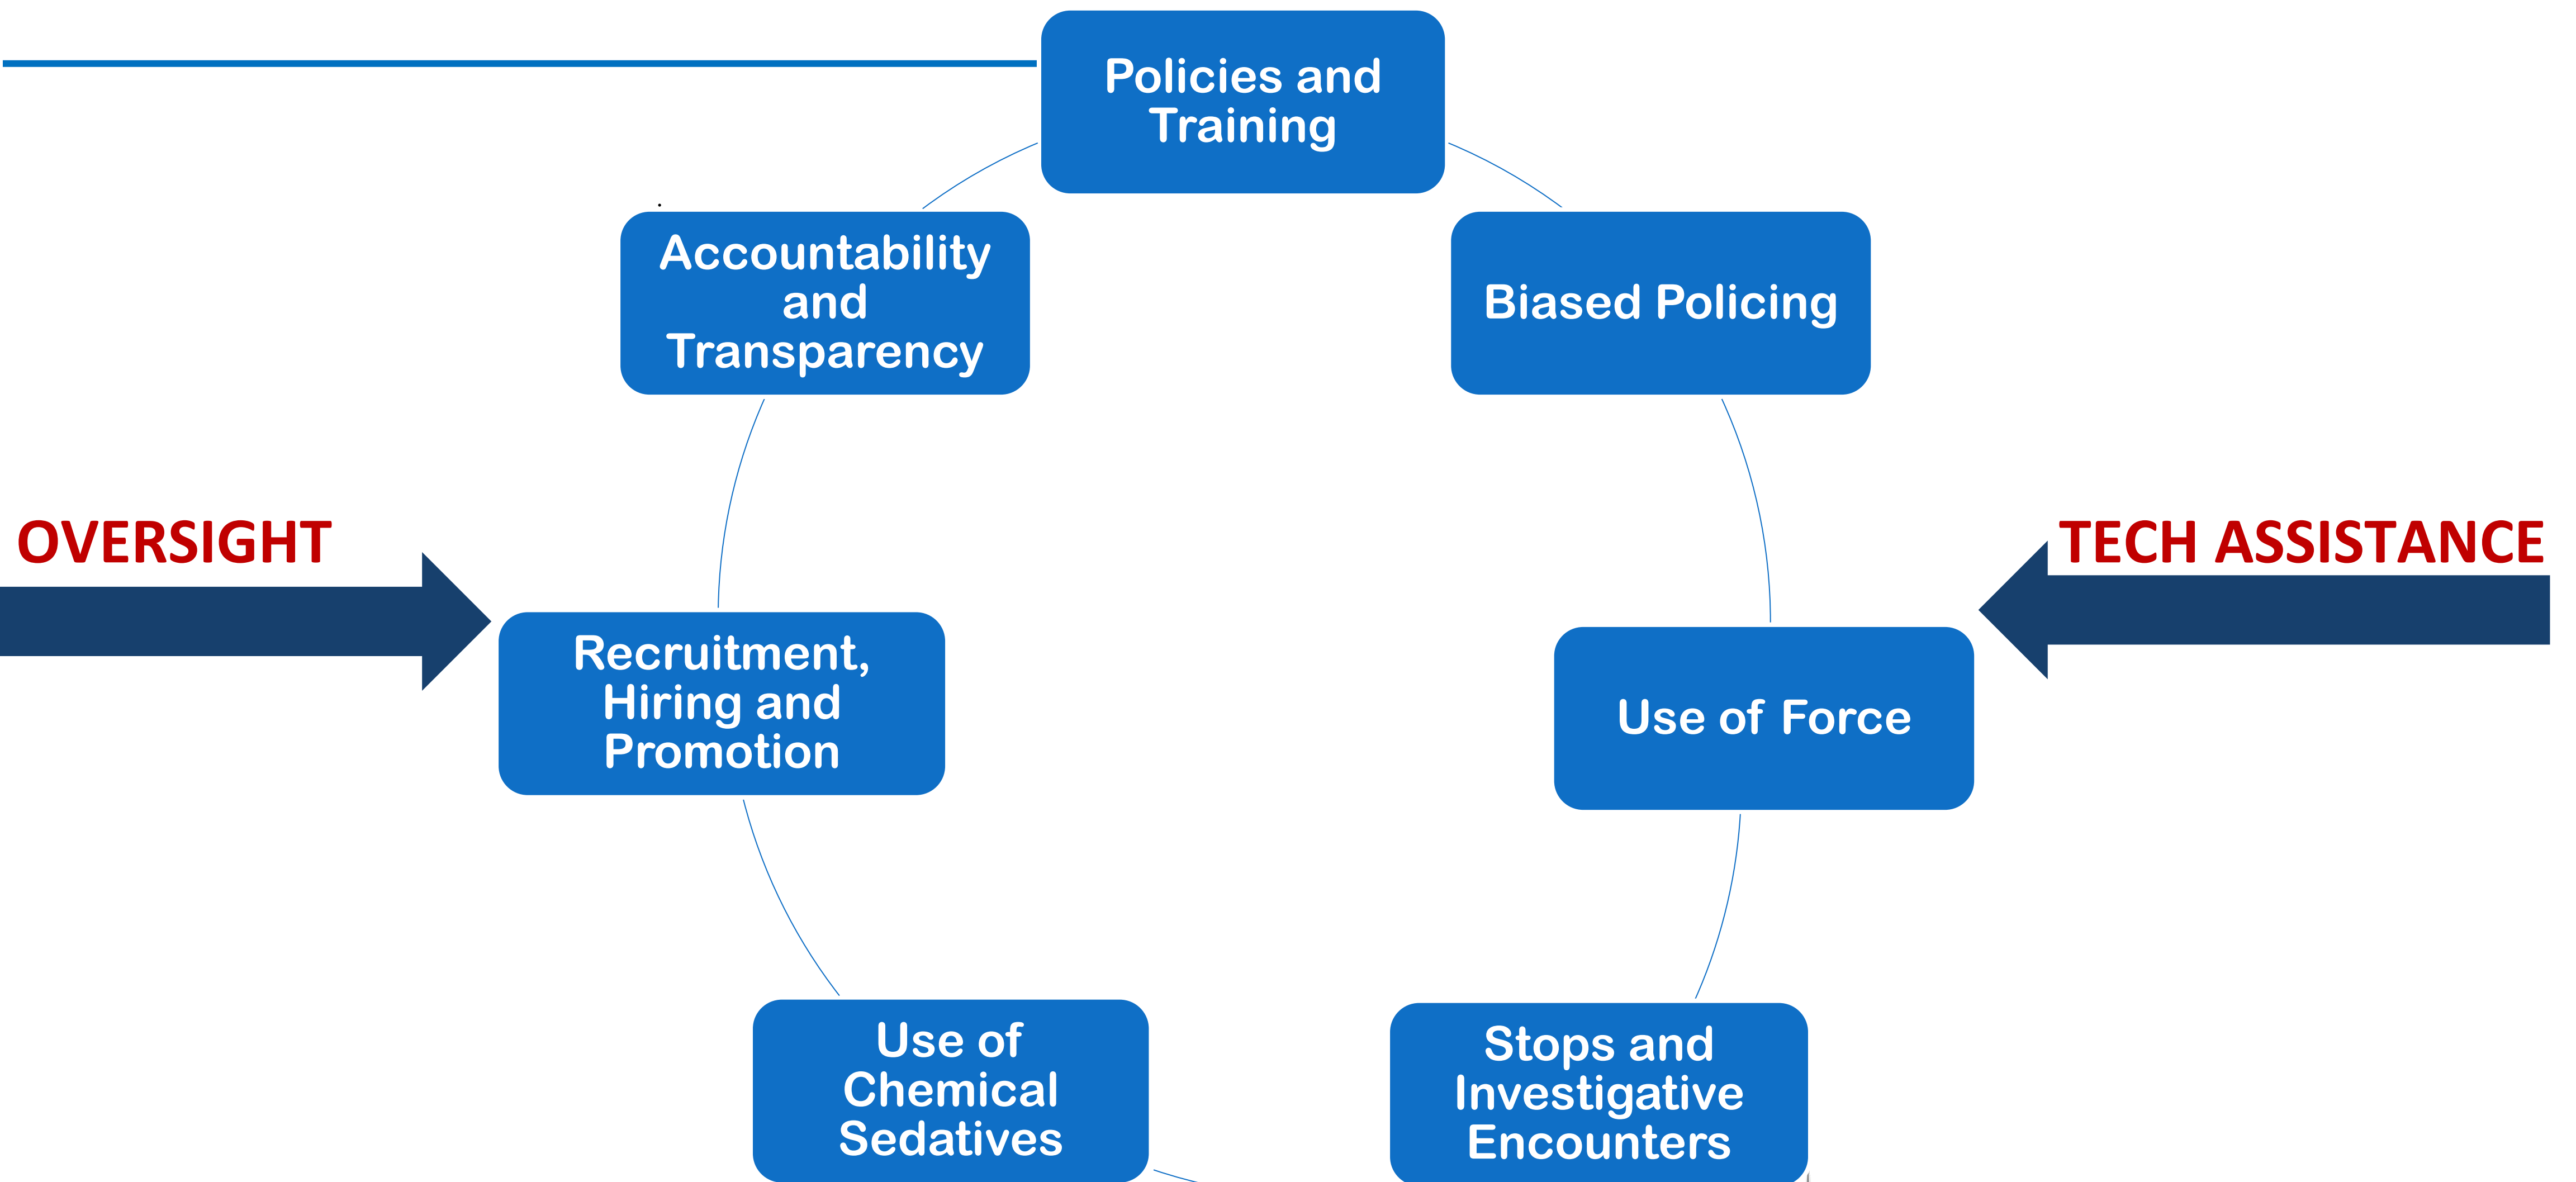

- **On September 15, 2021, the Attorney General concluded its investigation and found that the Aurora Police Department, Aurora Fire Rescue, and Civil Service Commission needed to reform in various areas including biased policing, use of force, investigative encounters, use of chemical sedatives, recruitment, hiring and promotion, and accountability and transparency.**
- **On November 16, 2021, the Attorney General and the City of Aurora announced that they had reached an agreement on how the city would reform these areas of public safety. This agreement is called a Consent Decree.**

What is the Role of the Monitor?

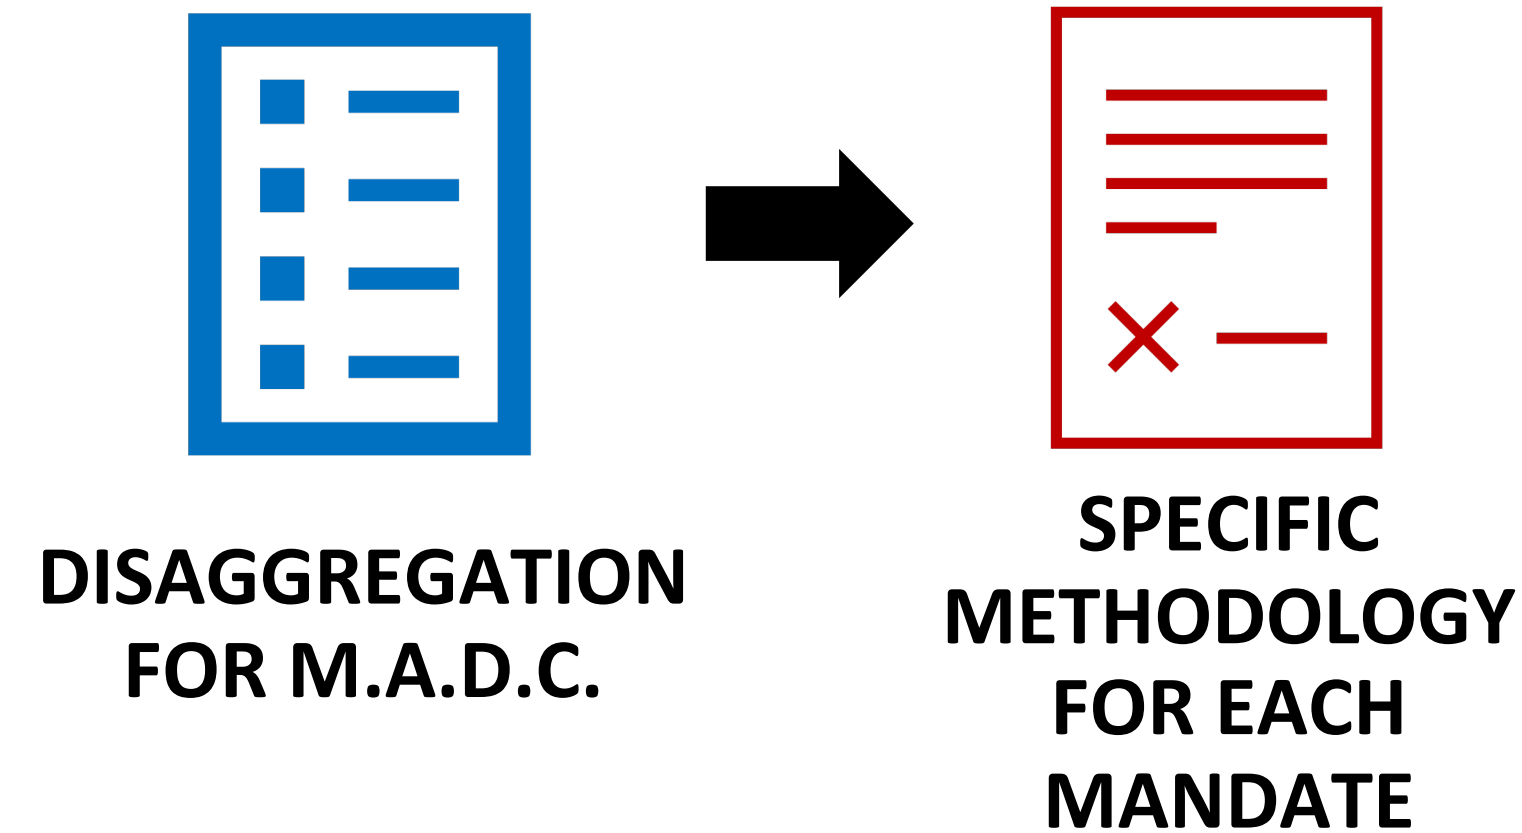

The Consent Decree requires compliance with its mandates which are overseen by an Independent Consent Decree Monitor. In addition, the Monitor and his team provide technical assistance, engages with the community and reports on the progress of the City to the Court, the parties and the public.

Areas of the Consent Decree

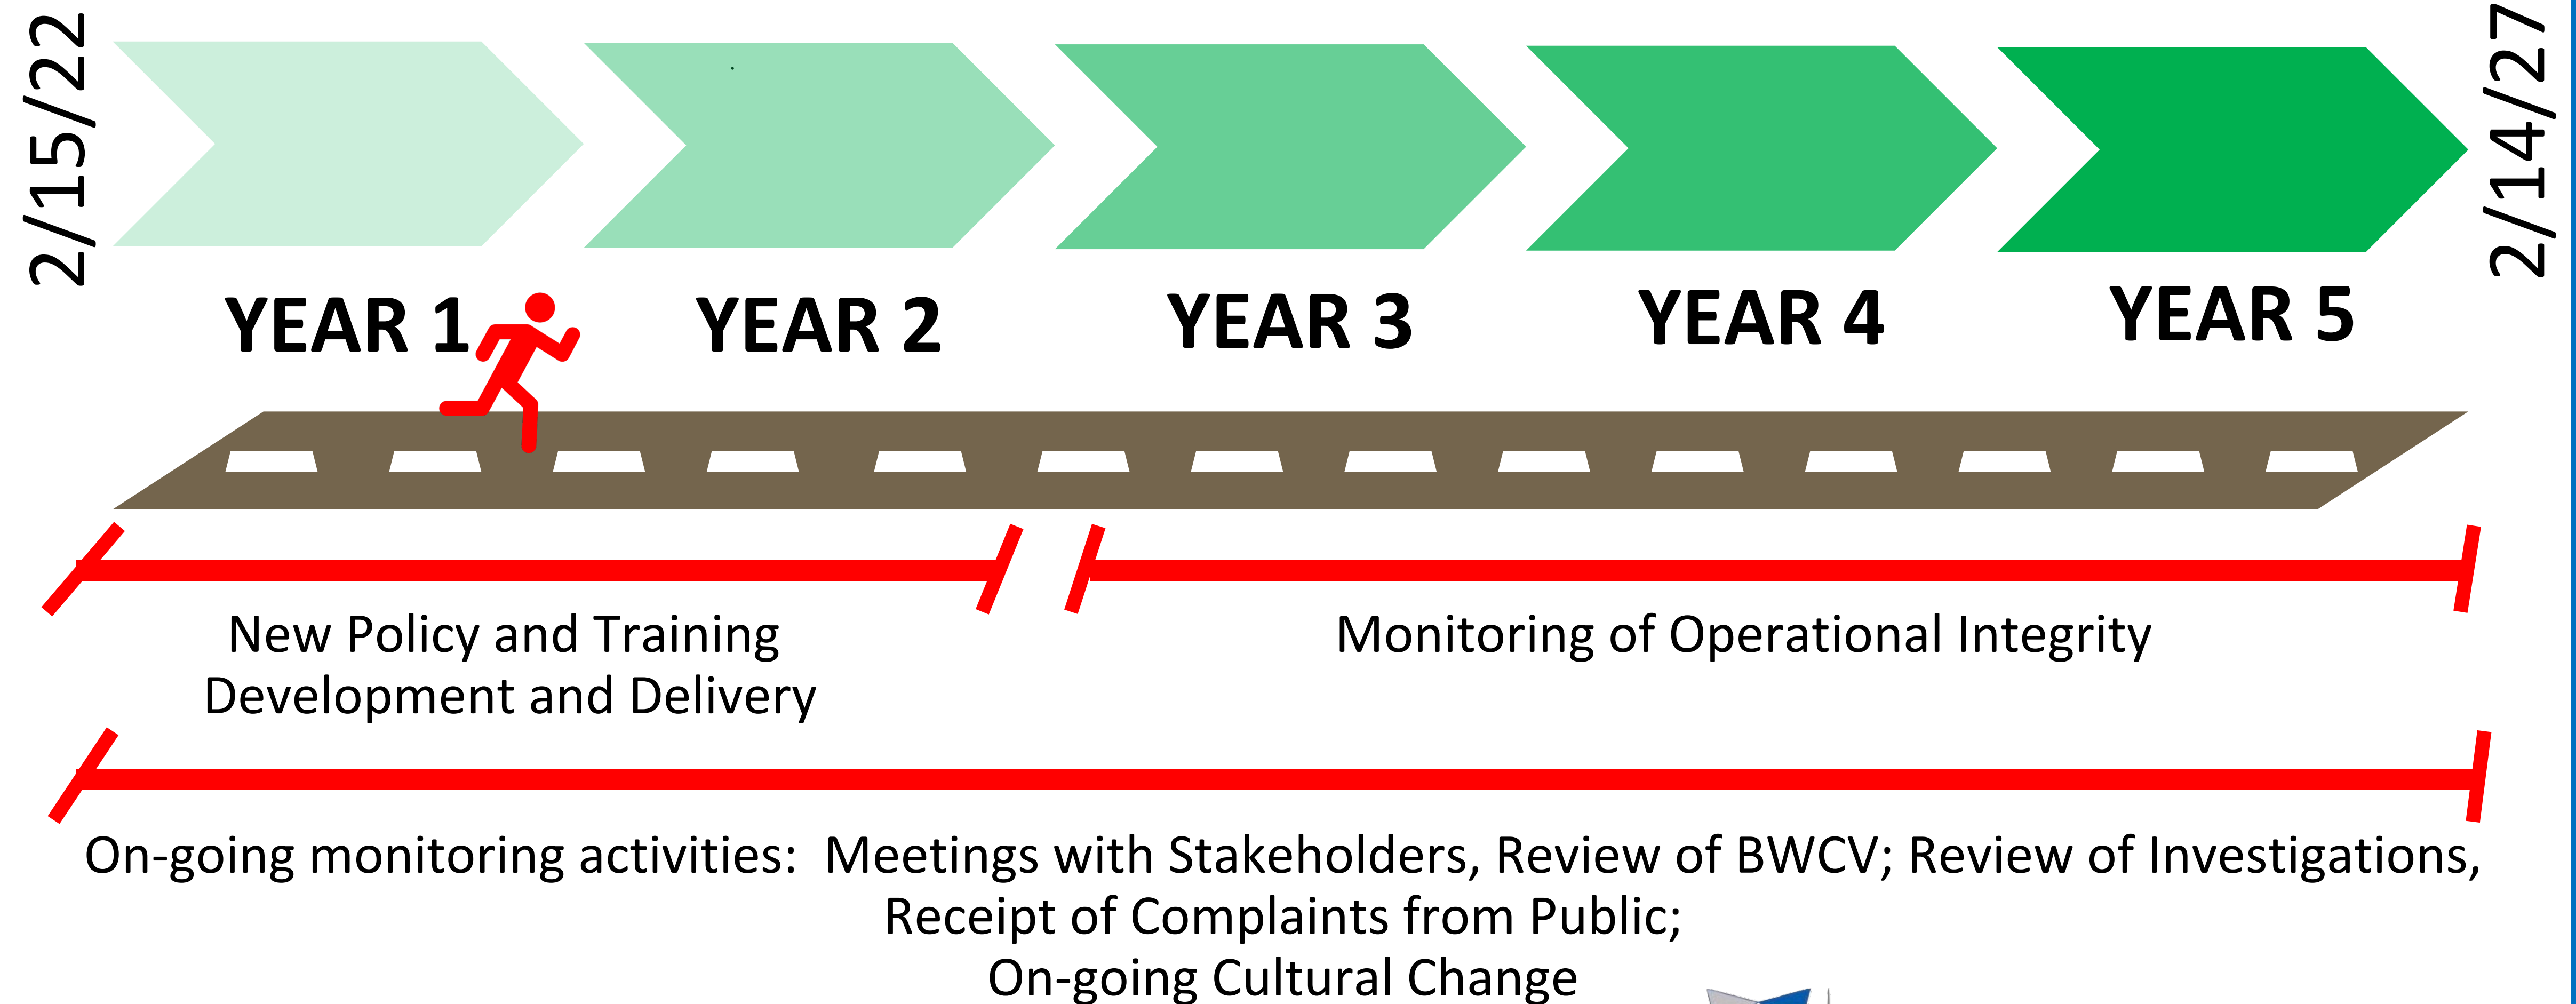

How is Compliance with the Consent Decree Measured?

The Monitor created the Methodologies to Aid in the Determination of Compliance (MADC) which is a roadmap for the City on how to achieve compliance under the Consent Decree. Each of the 70 Mandates of the Consent Decree has a separate methodology which was agreed on with the City. The methodology for each Mandate provides detail on how the Monitor will assess that mandate and outlines when and how the Monitor will determine compliance status of that particular Mandate, including the specific data will use in measuring compliance.

SUBSTANTIAL COMPLIANCE = SUCCESS

- I have seen what success looks like
- I have been doing this a long time including for 9 years in LA monitoring the LAPD
 - Quality of contacts and arrests way up
 - UOFs way down
 - Crime way down
 - Officer safety way up
 - Public Trust and Confidence went from 25% to 83%
- Working together, no doubt that we will get to the finish line of this marathon achieving that ecosystem we all want and having a department that is a model for the rest of the country
